SCHOOL HOURS OF OPERATION

Diego Hills Central Public Charter operates all year, with enrollment available at any time of the year.

The school hours of individual learning centers will be set according to the needs of the attending students as determined by the Principal.

MISSION STATEMENT

The Charter School's mission is to provide comprehensive high school education and job-training programs to at-risk students that align with local workforce system in order to:

- Provide better outcomes for youth, including increasing high school students' preparedness for postsecondary education and employability in high-growth industries.
- Increase engagement and retention of disconnected youth, including delivering youth programs that enable those youth who are out-of-school and out-of-work to return to school and to gain skills to enter the workforce.
- Respond to the high school dropout crisis by providing student recovery efforts, educate and guide students to obtain secondary diploma and provide youth employment opportunities.

WHAT IT MEANS TO BE AN "EDUCATED PERSON" IN THE 21ST CENTURY

An "educated person" in the 21st century is, at the least, a high school graduate who understands that education is a lifelong process and that people are continually learning. An educated person in the 21st century has developed self-motivation and confidence to successfully accomplish multiple responsibilities and handle challenges of daily life. He or she has successfully obtained a certificate or degree related to a career pathway and is able to apply knowledge and skills in the workplace.

STUDENT LEARNING OBJECTIVES

1. Leadership: Diego Hills Central Public Charter students actively serve their local community and workforce system by mastering skills of financial literacy, entrepreneurship (or professional skills), and teamwork.
2. High School Completion: Diego Hills Central Public Charter students attain higher levels of education by acquiring career pathway exploration and guidance, occupational skills training, and a high school diploma.
3. Post-secondary Success: Diego Hills Central Public Charter graduates are lifelong learners who are prepared to contribute to the workforce through continuing education offered in context of aligned industry occupations, obtainment of a certificate or degree, or job placement.

SCHOOL OBJECTIVES

The Charter School utilizes a personalized learning/ independent study alternative program. Units of work will be given in specific subjects and the assignments will follow the Common Core Standards for equivalency, the CA Standards for Career Ready Practice, and the California Career Technical Education Model Curriculum Standards. The education program offered in grades 9 through 12 shall include a course of study that provides an opportunity to meet the requirements necessary for post-secondary admission into advanced learning programs. The Charter School collaboratively sustains a variety of partnerships with community stakeholders to ensure delivery of comprehensive support services to students. Partners include non-profits, other secondary and post- secondary education institutions and social service agencies. Certain federally funded youth programs allow public charters to enroll youth through the age of 24. Adult students will be provided additional mentoring and academic counseling and will be considered for modifications in credit requirements on a case by case basis. The Charter School shall comply with all applicable state and federal laws regarding independent study instruction, including Education Code Sections 51745-51749.6.

Students will be assigned a teacher who will evaluate the study assignments and provide testing materials. The tests will be completed for a percentage grade (i.e.: A=100%-90%, B=89%-80%, C=79%-70%, D=69%-60% and F=59%-0%).

On a regular basis, consistent with the written Personalized Learning/Independent Study Master Agreement, the assigned teacher, and/or counselor, student and parent, as applicable, shall evaluate the educational program of the student. The assigned, credentialed teacher will have the final authority, regarding the educational program of the student, with the exception of students who qualify for special education services whose services and outcomes will be determined by an Individual Education Plan (IEP) team, pursuant to law.

GRADUATION CEREMONY AND HONORS

The Charter School offers one graduation ceremony in the spring for our graduating seniors. The Graduation Ceremony celebrates the graduating students that have culminated their high school studies during the year. The Charter School also invites graduating seniors to be candidates for delivering a speech during the graduation ceremony.

WHO ENROLLS AT THE CHARTER SCHOOL

Students enroll at the Charter School for a great variety of reasons. Most have left school before graduation and now want the opportunity to move toward their goals. Some students have found the personalized instruction and flexible time requirements suit their needs better than a traditional school. Some students come to us to make up classes and then return to traditional campuses; others only need a few classes to graduate. The Charter School provides appropriate support and guidance to employed students or to those who are seeking employment. It is the Charter School's desire to accommodate each individual's need. With their teacher's permission very ambitious students may take more than two credits at a time.

We welcome all students at the Charter School. You might belong at the Charter School if you:

- Have stopped going to school
- Have not graduated
- Have adult responsibilities
- Work better in a personalized learning/independent study mode
- Need to make up classes in order to be prepared for graduation
- Have unavoidable scheduling conflicts that keep you from attending traditional school
- Are interested in early graduation
- Enjoy a small educational setting

ENROLLMENT PROCEDURES

Students may confirm enrollment by submitting a signed master agreement and enrollment forms, which are available in both English and Spanish. After student enrollment is confirmed, students are required to submit enrollment documents including immunization records, updated transcripts, and withdrawal grades from their previous school. Students are accepted throughout the entire school year from July 1 to June 30 for enrollment in the current or following school year. Students will be issued an official ID card at the time of enrollment. Students must wear their ID card at all times while on campus. The Charter School will request an official transcript from the previous school when the student is officially enrolled.

Per California Education Code Sections 51225.1 and 51225.2, foster youth have the right to immediate enrollment even if they do not have transcripts, immunization records, or proof of residence.

Per the McKinney-Vento Act, homeless youth have the right to immediate enrollment even if they do not have transcripts, immunization records, or proof of residence. Unaccompanied homeless youth have the right to immediate enrollment without proof of guardianship.

Parents and students need to inform the school office of any changes that occur during the school year regarding addresses, telephone numbers, and emergency and alternate emergency contact persons. Information provided within the emergency cards will only be used in response to specified emergency situations, and not for any other purpose (AB 699).

Personal Beliefs Exemptions. Since January 1, 2016:

- Parents or guardians of students are no longer allowed to submit a personal beliefs exemption to a currently-required vaccine. However, parents or guardians must continue to provide immunization records for these students to their schools, and schools must continue to maintain and report records of immunizations that have been received for these students.
- Students who have an individualized education program (IEP) should continue to receive all necessary services identified in their IEP regardless of their vaccination status.
- Personal beliefs exemptions filed at a school before January 1, 2016 remain valid until the student enrolls in the next grade span, typically at kindergarten (or transitional kindergarten) or 7th grade.

The Charter School shall maintain an up-to-date list of pupils with exemptions, so they can be excluded quickly if an outbreak occurs.

Students Not Meeting Requirements

Those students who do not meet the State guidelines may be excluded from school until the requirements are met. Students who have been exposed to a communicable disease for which they have not been immunized may be excluded from school at the discretion of the School. Students who do not meet the State requirements shall be referred to their physician or local health department. The School will provide families a written notice indicating which doses are lacking.

Conditional Admissions

Public School Attendance Alternatives

Please be informed that students enrolled in the Charter School have no right to admission in a particular school of a local education agency as a consequence of enrollment in the Charter School, except to the extent that such a right is extended by the local education agency.

STUDENTS, PARENTS, GUARDIANS: KNOW YOUR EDUCATIONAL RIGHTS

Your Child has the Right to a Free Public Education

- All children in the United States have a Constitutional right to equal access to free public education, regardless of immigration status and regardless of the immigration status of the students’ parents or guardians.
- In California:
 - All children have the right to a free public education.
 - All children ages 6 to 18 years must be enrolled in school.
 - All students and staff have the right to attend safe, secure, and peaceful schools.
 - All students have a right to be in a public school learning environment free from discrimination, harassment, bullying, violence, and intimidation.
 - All students have equal opportunity to participate in any program or activity offered by the school, and cannot be discriminated against based on their race, nationality, gender, religion, or immigration status, among other characteristics.

Information Required for School Enrollment

- When enrolling a child, schools must accept a variety of documents from the student's parent or guardian to demonstrate proof of child's age or residency.
- You never have to provide information about citizenship/immigration status to have your child enrolled in school. Also, you never have to provide a Social Security number to have your child enrolled in school.

Confidentiality of Personal Information

- Federal and state laws protect student education records and personal information. These laws generally require that schools get written consent from parents or guardians before releasing student information, unless the release of information is for educational purposes, is already public, or is in response to a court order or subpoena.
- Some schools collect and provide publicly basic student "directory information." If they do, then each year, your child's school must provide parents/guardians with written notice of the school's directory information policy, and let you know of your option to refuse release of your child's information in the directory.

Family Safety Plans if You Are Detained or Deported

- You have the option to provide your child's school with emergency contact information, including the information of secondary contacts, to identify a trusted adult guardian who can care for your child in the event you are detained or deported.

- You have the option to complete a Caregiver's Authorization Affidavit or a Petition for Appointment of Temporary Guardian of the Person, which may enable a trusted adult the authority to make educational and medical decisions for your child.

Right to File a Complaint

- Your child has the right to report a hate crime or file a complaint to the school if he or she is discriminated against, harassed, intimidated, or bullied on the basis of his or her actual or perceived nationality, ethnicity, or immigration status.

ACADEMIC STANDARDS AND PROCEDURES

The Charter School offers curriculum enabling and preparing students for entrance into college, trade school and/or the workforce. We offer a diploma that meets all of the requirements of the State of California and enables the student to be enrolled in a wide array of colleges, universities, and other institutions, which require a high school diploma.

COURSE OFFERINGS

Our classes consist of core curriculum, career technical education, and electives developed to continually ensure that all content areas are infused with college and career readiness content. Students have their transcripts evaluated and take assessment tests to determine the appropriate level of instruction. The order in which the instruction is offered is purposely done to maximize learning.

The Charter School offers the required core classes necessary to meet all State Standards and graduation requirements according to Charter School policy and California State law.

The Charter School is accredited by the Western Association of Schools and Colleges (WASC), with courses approved by the University of California (A-G courses).

To take full advantage of the courses offered, students are expected to meet with their teacher a minimum of each week and to work with tutors 1 – 2 times per week.

For English Learners, written communication is provided by the Charter School to notify the parent/guardian when their student has been identified as an English Learner (EL). This notification also provides a description of the school's language development program placement, which allows the parent/guardian to make an informed choice regarding the best program option for their student learning English as a second language. The Charter School provides Integrated (I) and Designated (D) English Language Development (ELD) to students learning English as a second language. The Charter School also provides tutoring, specialized reading instruction and/or academic skills-targeted support depending on the students' Individual English Language Development Plan (IELDP).

CAREER TECHNICAL EDUCATION (CTE)

The changing nature of work in our society requires that students develop the appropriate work skills, habits and attitudes that may be transferred to a variety of employment situations. The purpose of the Career Technical Educational program is to provide students with relevant career education and experience in preparation for the working world, while earning credit.

The CTE Program design ensures that all students gain awareness of their own interests and talents and the opportunity to explore related careers in specific sectors and industries. In the introductory CTE program, all students learn basic employability skills that, in combination with the results of unique career surveys, direct them to possible career and post-secondary education pathways. Students may proceed beyond the introductory CTE program into a more specialized pathway program and course of study that aligns to a chosen career field. CTE pathway programs offer CA CTE Model Curriculum Standards aligned concentrator and capstone courses, which provide deeper instruction and hand-on learning opportunities. Work-based learning experiences are combined with coursework and can serve as a bridge to internships and employment after graduation.

WORK PERMITS

The Charter School recognizes that part-time jobs can give students needed supplementary income, valuable work experience, and enhanced self-esteem. The purpose of the Work Permit program is to provide students the opportunity to earn while they learn and to gain real-world employment education.

The information that a student needs to get a work permit can be attained at the school through their teacher. There are forms and instructions that require the attention of both the parent and the student. Please note: To qualify for and retain a work permit, students must consistently attend school regularly, earn acceptable grades, demonstrate satisfactory citizenship plus complete and return all school assignments on-time.

ATTENDANCE AND CREDIT

Students must attend school on their scheduled days and times. Students who wish to reschedule their appointments, must contact their teacher. The student's attendance is based on turning in homework assignments; failure to do so will be considered an absence, thus, subject to local truancy laws. Each completed homework assignment with an accompanying passed test counts as 1 high school credit. A failed test score may result in reassignment of homework and retesting.

Students are expected to attend school at their scheduled days and times, and to come in at least 1-2 additional times during each week for additional assistance, studying or tutoring. Please remember the student's assigned teacher may not always be available at these additional attendance sessions to offer the one-on-one assistance that the student's weekly appointment provides. Students must wear their school issued ID at all times when on campus. A student will be considered truant if he or she is not regularly attending school. Attendance at naturalization ceremony can be an excused absence.

Per the student's master agreement, if the student misses three (3) assignments within 20 school days, an evaluation will be made to determine whether personalized learning/independent study is an appropriate strategy for the student. For a student with exceptional needs who has an individualized education program, an IEP meeting will be held to make any necessary change of placement.

Students will earn one (1) credit per passed test or performance task and completed homework assignment. Students are expected to thoroughly complete their homework assignments prior to being administered the corresponding test. Homework assignments will be considered incomplete if left blank or partially completed. Students are expected to complete two (2) credits per week. In order for a student to receive credit, a passing grade of "D" or better is required. A failed test score may result in reassignment of homework and retesting. Upon submission of a homework assignment, the student must pass the test within a twenty (20) school-day period. If the test is not taken within the allotted time, the student will be required to "redo" the homework assignment, before retaking the test.

CONCURRENT AND DUAL ENROLLMENT

Students in good standing, who are interested in concurrent enrollment in college classes, must receive administrative approval. Approved courses taken at the college level are eligible for full college credits and can be transferable for high school credit. A typical three (3)-unit college course will count as ten (10) credits of high school study.

Each community college has a concurrent enrollment form for high school students. **Prior** to enrolling in the college course, student must meet with a School Counselor to review forms and discuss concurrent enrollment. Counselor will submit forms to administrator for approval. Dual enrollment courses that are offered under Education Code Section 76004 partnerships are required to have a College and Career Access Pathway (CCAP) Partnership Agreement.

STATE REQUIRED TESTING

The Charter School follows the rules and procedures for all State required testing (i.e., Physical Fitness Test (“PFT”), Smarter Balanced Assessment (“SBA”), English Language Proficiency Assessment for California (“ELPAC”), and the California Science Test (“CAST”).

All students will participate in applicable tests such as PFT, ELPAC, SBA, and CAST**.**

** A parent or guardian may annually submit to the Charter School a written request to excuse his or her child from any or all parts of any test provided pursuant to Education Code Section 60640 for the school year. If a parent or

guardian submits an exemption request after testing has begun, any test(s) completed before the request is submitted will be scored and the results reported to the parent or guardian and included in the pupil’s records.

STATE REQUIRED TEST	REQUIRED GRADES	TESTING MONTH(S)
ELPAC	K-12	Feb-May*
PFT	5, 7, 9	February-March*
SBA/CAA (ELA & MATH)	3-8 and 11	April-May*
CAST/CAA (SCIENCE)	5, 8, 12	April-May*

**Testing months are subject to change on a yearly basis. Please check with student’s teacher for current testing dates.*

The Charter School will follow state and federal guidelines for accommodations, modifications, and designated supports of all tests deemed necessary for students with exceptional needs as determined by the IEP team.

OTHER ASSESSMENTS

The Charter School instructors are required to assess their students often. Every time a student finishes a credit (as often as every week) a student will be asked to take a test to demonstrate their ability to move forward academically. The instructor will ask the student, upon completion of a

semester course in English Language Arts/Reading or Math, to take diagnostic assessments in order to gauge the learning that has taken place before and after the course.

ACADEMIC ASSISTANCE

Students are encouraged to make an appointment with the office for academic assistance (tutoring). Personal, one-on-one assistance is offered to encourage and build academic excellence. All students functioning two grade levels below their respective grade will be recommended to participate in our tutoring program.

TEXTBOOKS AND SUPPLEMENTAL MATERIALS

The Charter School will provide textbooks and supplemental materials for the student's use. If these materials are lost or abused, the student may be charged a replacement cost in accordance with state law (Education Code section 49014). Transcripts from other schools have known to be delayed due to the lack of book recovery, per Educational Code Section 48904(b).

SEXUAL HEALTH AND HIV PREVENTION EDUCATION

The California Healthy Youth Act requires that comprehensive sexual health education and human immunodeficiency virus (HIV) prevention education be taught to students at least once in middle school and once in high school, beginning no later than grade seven. Instruction and materials must be medically accurate, objective, age-appropriate and inclusive of all students, as defined by law. The law requires that instruction and materials must encourage students to communicate with parents, guardians or other trusted adults about human sexuality. The purpose of this instruction is to:

- Provide students with the knowledge and skills necessary to protect their sexual and reproductive health from HIV and other sexually transmitted infections and from unintended pregnancy.
- Provide students with the knowledge and skills they need to develop healthy attitudes concerning adolescent growth and development, body image, gender, sexual orientation, relationships, marriage, and family.
- Promote understanding of sexuality as a normal part of human development.
- Ensure students receive integrated, comprehensive, accurate, and unbiased sexual health and HIV prevention instruction and provide educators with clear tools and guidance to accomplish that end.
- Provide students with the knowledge and skills necessary to have healthy, positive, and safe relationships and behaviors.

This instruction will be provided by Charter School staff. All instructional materials are available for review in the main office or by contacting the Principal. You may also request a copy of the California Healthy Youth Act (*California Education*

Code sections 51930–51939).

If you **do not** want your student to participate in comprehensive sexual health or HIV prevention education, please provide a signed, written note to the Principal within ten (10) days of your student's enrollment date. If you have any questions, please contact your student's teacher or Principal.

SPECIAL EDUCATION STUDENTS AND STUDENTS WITH DISABILITIES

The Charter School shall comply with all the applicable State and Federal laws in serving students with disabilities, including but not limited to, Section 504 of the Rehabilitation Act, the Americans with Disabilities Act, and the Individuals with Disabilities in Education Act.

Pursuant to Education Code Section 51845, no individual with exceptional needs, as defined in Education Code Section 56026, may participate in independent study, unless his or her individualized education program (IEP) specifically provides for that participation. Students entering the Charter School with an IEP will be enrolled with an interim placement until an IEP meeting is held to determine an appropriate placement.

Students with Exceptional Needs/IEPs

A student with exceptional needs who has an IEP and transfers into the Charter School from a district not operating programs under the same special education local plan will receive free appropriate public education, including services comparable to those described in the previously approved IEP, in consultation with the parents, for a period not to exceed 30 days, by which time the Charter School shall adopt the previously approved IEP or shall develop, adopt, and implement a new IEP that is consistent with federal and state law.

In the case of an individual with exceptional needs who has an IEP and transfers into the Charter School from a district operating programs under the same special education local plan area of the district in which he or she was last enrolled in a special education program within the same academic year, the Charter School shall continue, without delay, to provide services comparable to those described in the existing approved IEP that is consistent with federal and state law.

Section 504

The Charter School recognizes its legal responsibility to ensure that no qualified person with a disability shall, on the basis of disability, be excluded from participation, be denied the benefits of, or otherwise subjected to discrimination under any program of the School. Any student who has an objectively identified disability which substantially limits a major life activity, including, but not limited to learning, is eligible for accommodations by the School. The parent of any student suspected of needing or qualifying for accommodations under Section 504 may make a referral for an evaluation to the Principal or designee. A copy of the Charter School's Section 504 policies and procedures is available upon request.

WITHDRAWAL PROCEDURES

Any students desiring to transfer to another school will need to return all textbooks and materials, complete a withdrawal form and complete a transcript request form. Students under 18 years of age will need a parent to accompany them during the withdrawal process.

FERPA does permit the Charter School's disclosure of PII from students' education records, without consent of the parent or eligible student, if the disclosure meets certain conditions found in §99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the parent or eligible student, §99.32 of the FERPA regulations requires the Charter School to record the disclosure. Parents and eligible students have a right to inspect and review the record of disclosures. The Charter School may disclose PII from the education records of a student without obtaining prior written consent of the

parents or the eligible student in the following instances:

1. To other school officials, including teachers, within the educational agency or institution whom the school has determined to have legitimate educational interests. This includes contractors, consultants, volunteers, or other parties to whom Charter School has outsourced institutional services or functions, provided that the conditions listed in §99.31(a)(1)(i)(B)(1)- (a)(1)(i)(B)(2) are met. (§99.31(a)(1)).
2. To officials of another school, school system, or institution of postsecondary education where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements of §99.34. 3. To authorized representatives of the U.S. Comptroller General, the U.S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as the State educational agency in the parent or eligible student's State (SEA). Disclosures under this provision may be made, subject to the requirements of §99.35, in connection with an audit or evaluation of Federal- or State-supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf. (§§99.31(a)(3) and 99.35).
4. In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. (§99.31(a)(4)).
5. To State and local officials or authorities to whom information is specifically allowed to be reported or disclosed by a State statute that concerns the juvenile justice system and the system's ability to effectively serve, prior to adjudication, the student whose records were released, subject to §99.38. (§99.31(a)(5)).
6. To organizations conducting studies for, or on behalf of, the Charter School, in order to: (a) develop, validate, or administer predictive tests; (b) administer student aid programs; or (c) improve instruction. (§99.31(a)(6)).
7. To accrediting organizations to carry out their accrediting functions. (§99.31(a)(7)).
8. To parents of an eligible student if the student is a dependent for IRS tax purposes. (§99.31(a)(8)).
9. To comply with a judicial order or lawfully issued subpoena. (§99.31(a)(9)).*
10. To appropriate officials in connection with a health or

safety emergency, subject to §99.36. (§99.31(a)(10)).

11. Information that the Charter School has designated as "directory information" under §99.37 (§99.31(a)(11)), as more fully described below.

*Except for investigations of child abuse, child neglect, or child dependency, or when the subpoena served on the Charter School prohibits disclosure, the Charter School shall provide parental or guardian notification of any court orders, warrants, or subpoenas before responding to such requests.

Directory Information. The following shall serve as serve as the Charter School's annual notice to parents/guardians and "eligible students" in attendance of the Charter School's directory information policies.

FERPA requires that the Charter School, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. The Charter School shall require written parental or guardian consent for release of student information, unless the information is relevant for a legitimate educational interest or includes directory information only. Neither exception permits disclosing information to immigration authorities for immigration-enforcement purposes; no student information shall be disclosed to immigration authorities for immigration-enforcement purposes without a court order or judicial subpoena. Directory information does not include citizenship status, immigration status, place of birth, or any other information indicating national origin (except where the Charter School receives consent as required under state law).

The Charter School may disclose appropriately designated "directory information" without written consent, unless you have advised the Charter School to the contrary in accordance with school procedures. The primary purpose of directory information is to allow the Charter School to include this type of information from your child's education records in certain school publications. Examples include, but are not limited to:

- A playbill, showing your student's role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;

identified by the Charter School as entities that have a legitimate need to know and/or organizations who request directory information in the furtherance of the Charter School's valid interests. The Charter School has determined that it will release directory information to requestors that engage in information dissemination related to California charter school issues. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with the following information – names, addresses and telephone listings – unless parents have advised the Charter School that they do not want their student's information disclosed without their prior written consent. FOSTER YOUTH EDUCATION RIGHTS

Developed by the California Foster Youth Education Task Force, the following summarizes the California Education Code sections pertaining to foster youth.

1. RIGHT TO REMAIN IN YOUR SCHOOL OF ORIGIN

- You have the right to stay in the same school after you move to a new foster care placement. Your "school of origin" can be:
 1. The school you attended when you first entered foster care,
 2. The school you most recently attended, or
 3. Any school you attended in the last 15 months that you feel connected to.
- Your school must work with you, your education rights holder,* your caregiver, and your social worker/probation officer to develop a plan to transport you to your school of origin.
- If you are transitioning from elementary school to middle school or from middle school to high school, you have the right to transition to the same school as your classmates.
- If there is any disagreement about which school you will attend, you have the right to stay in your school of origin until the disagreement is resolved.

2. RIGHT TO IMMEDIATE ENROLLMENT IN SCHOOL

- You have the right to immediately enroll in your regular home school after you move placements.
- You cannot be forced to attend a continuation school or other alternative education program, such as independent study, even if you are behind in credits or have discipline problems at school.
- You have a right to immediately enroll in school and begin attending classes, even if you do not have the paperwork you would normally need for enrollment (such as birth certificate, transcript, or IEP) or you did not check-out from your previous school.
- Your previous school must send your education records to your new school after you enroll.
- You have the right to participate in any activities available at your new school, such as sports teams, tutoring, or after-school clubs, even if you miss a tryout or sign-up deadline.

3. RIGHT TO PARTIAL CREDITS FOR HIGH SCHOOL STUDENTS

- If you change schools during the school year, you have a right to partial credits in all classes that you are passing when you leave your old school, even if you do not complete the entire class.
- After you change schools, your new school must accept the partial credits issued by your old school.
- After you change schools, you have the right to be enrolled in the same or similar classes you were enrolled in at your last school.
- You cannot be forced to retake a class or part of a class that you have already completed with a passing grade, if it would make you off-track for high school graduation.

- Your grade cannot be lowered because you were absent from school for a court hearing, placement change, or a court-related activity.

4. GRADUATION RIGHTS

- You have the right to stay in high school for a fifth year to complete your school graduation requirements, even if you are over 18.
- If you are behind on your credits, and you transferred schools after 10th grade, you may be eligible to graduate under AB 167/216 by completing only the state graduation requirements (130 credits in specific classes) instead of your school's requirements.
- If you are eligible, the decision of whether to graduate under AB 167/216 is made by your education rights holder.

5. COLLEGE RIGHTS

- You have the right to have the application fee waived when you apply to a community college in California.
- You have the right to receive the maximum amount of federal student aid and you may be eligible for up to \$5,000 per year from the Chafee scholarship.

- You have a right to be told why you are being suspended and the right to provide your version of events and evidence before you are suspended unless there is an emergency. If the behavior for which you are being suspended could subject you to criminal charges, you should consult with your education rights holder or attorney before providing an oral or written

statement to the school or police.

- Your attorney and social worker must be invited to a meeting before your suspension can be extended beyond 5 days and a suspension can only be extended if you are being considered for expulsion.
- You have a right to a formal hearing, and to be represented by an attorney at that hearing, before you are expelled.
- If you are facing a possible expulsion, your attorney and social worker must be notified. If you are in special education, your attorney and social worker must be invited to a meeting to decide whether your behavior was related to your disability.

Foster Youth Education Rights Holders

Every foster youth under age 18 must have an education rights holder, who is required to make education decisions in the youth's best interest. Foster youth who are 18 or older have the right to make their own education decisions. Your education rights holder may be your parent or legal guardian, your caregiver, or another person chosen by the court. Your education rights holder cannot be your social worker or probation officer, your attorney, or group home or school staff members. It is important to know who your education rights holder is. If you need information about who your education rights holder is, you can contact your social worker or attorney.

If you believe your education rights have been violated, you can file a complaint using the Uniform Complaint Procedures (UCP) contained herein. The school has 60 days to investigate and give you a written response.

For more information about your education rights, please see the [Foster Youth Education Toolkit](#) or the [California Youth Education Task Force](#). You also can contact your school's Foster Youth Educational Liaison or your county's Foster Youth Services Coordinating Program (FYSC) from the CDE [Foster Youth Services page](#).

RIGHTS OF PREGNANT AND PARENTING STUDENTS

As required by state law (AB 2289; Education Code sections 222.5, 46015), the Charter School hereby provides notice of the following accommodations as rights of pregnant and parenting pupils, as established by the California Legislature:

1. A pregnant or parenting pupil is entitled to eight weeks of parental leave, which the pupil may take before the birth of the pupil's infant if there is a medical necessity and after childbirth during the school year in which the birth takes place, inclusive of any mandatory summer instruction, in order to protect the health of the pupil who gives or expects to give birth and the infant, and to allow the pregnant or parenting pupil to care for and bond with the infant. It is the intent of the Legislature that the pupil, if the pupil is 18 years of age or older, or, if the pupil is under 18 years of age, the person holding the right to make educational decisions for the pupil, notify the school of the pupil's intent to exercise this right. Failure to notify the school shall not abridge the rights established by this paragraph or any other right established by this subdivision.
2. A pregnant or parenting pupil who does not wish to take all or part of the parental leave to which they are entitled pursuant to paragraph (1) shall not be required to do so.
3. A pregnant or parenting pupil is entitled to receive more than eight weeks of parental leave pursuant to paragraph (1) if deemed medically necessary by the pupil's physician.
4. When a pupil takes parental leave pursuant to paragraph (1), the supervisor of attendance shall ensure that absences from the pupil's regular school program are excused until the pupil is able to return to the regular school program or an alternative education program.

7. Upon return to school after taking parental leave pursuant to paragraph (1), a pregnant or parenting pupil is entitled to opportunities to make up work missed during his or her leave, including, but not limited to, makeup work plans and reenrollment in courses.
8. Notwithstanding any other law, a pregnant or parenting pupil may remain enrolled for a fifth year of instruction in the school in which the pupil was previously enrolled when it is necessary in order for the pupil to be able to complete state and any local graduation requirements, unless the local educational agency makes a finding that the pupil is reasonably able to complete the local

educational agency's graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school.

9. A pupil who chooses not to return to the school in which he or she was enrolled before taking parental leave pursuant to paragraph (1) is entitled to alternative education options offered by the local educational agency.
10. In accordance with subdivision (d) of Section 221.51, a pregnant or parenting pupil who participates in an alternative education program shall be given educational programs, activities, and courses equal to those he or she would have been in if participating in the regular education program.

SUSPENSION AND EXPULSION POLICY AND PROCEDURE

Trauma-Sensitive and Restorative Practices Policy

The Charter School is dedicated to being a student-centered organization and accordingly recognizes a standardized, effective behavior management system is key to ensuring students feel supported and have the opportunity to be successful in school. The school has embraced a trauma-sensitive approach when considering student behavioral issues by examining what happened in a particular incident rather than faulting the student's character. To support this perspective, the Charter School practices setting clear parameters around expectations for both students and educators thereby limiting or reducing unwanted behaviors while also using restorative practices to maintain the relationships of respect when an incident does occur. Recognizing that a high percentage of our school's students have experienced adverse childhood experiences, these systems help us create a safe learning environment in which students feel valued, respected, and are able to work at their own pace to get back on track in their academic and personal lives.

Suspension and Expulsion Policy

This Pupil Suspension and Expulsion Policy has been established in order to promote learning and protect the safety and well-being of all students at the Charter School. In creating this policy, the Charter School has reviewed Education Code Section 48900 et seq. which describes the non-charter schools' list of offenses and procedures to establish its list of offenses and procedures for suspensions and expulsions. The language that follows closely mirrors the language of Education Code Section 48900 et seq. The Charter School is committed to annual review of policies and procedures surrounding suspensions and expulsions and, as necessary, modification of the lists of offenses for which students are subject to suspension or expulsion.

When the Policy is violated, it may be necessary to suspend or expel a student from regular classroom instruction. This policy shall serve as the Charter School's policy and procedures for student suspension and expulsion and it may be amended from time to time without the need to amend the charter so long as the amendments comport with legal requirements. Charter School staff shall enforce disciplinary rules and procedures fairly and consistently among all students. This Policy and its Procedures will be printed and distributed as part of the Student Handbook and will clearly describe discipline expectations.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes

of the Policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

The Charter School administration shall ensure that students and their parents/guardians are notified in writing upon enrollment of all discipline policies and procedures. For new students, this requirement can be fulfilled by providing parents and students with the approved Parent Student Handbook for Charter School at the time of enrollment. For continuing students, they will be provided with a copy of the Charter School's rules related to discipline, suspension and expulsion at the beginning of the school year.

Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA") or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 ("Section 504") is subject to the same grounds for suspension and expulsion and is accorded the same due process procedures applicable to general education students except when federal and state law mandates additional or different procedures. The Charter School will follow all applicable federal and state laws including but not limited to the California Education Code, when imposing any form of discipline on a student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such students.

The Charter School will adhere to state laws prohibiting the use of seclusion and behavioral restraint techniques, except as allowed by law, in accordance with Education Code sections 49005, and 49005.1-49005.8.

No student shall be involuntarily removed by the Charter School for any reason unless the parent or guardian of the student has been provided written notice of intent to remove the student no less than five schooldays before the effective date of the action. The written notice shall be in the native language of the student or the student's parent or guardian or, if the student is a foster child or youth or a homeless child or youth, the student's educational rights holder, and shall inform him or her of the right to initiate the procedures specified below for suspensions, before the effective date of the action. If the student's parent, guardian, or educational rights holder initiates the procedures specified below for suspensions, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled,

dismissed, transferred, or terminated, but does not include suspensions or expulsions pursuant to the suspension and expulsion procedures described below.

A photograph or other visual recording, as described above,

shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

(b) For purposes of this clause, “cyber sexual bullying” does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

or (vi) device similar to any of the devices described in the preceding clauses.

C. Suspension Procedure

Suspensions shall be initiated according to the following procedures:

1. Conference

Suspension shall be preceded, if possible, by a conference conducted by the Superintendent, Principal or Designee with the student and his or her parent and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the Superintendent, Principal or Designee.

The conference may be omitted if the Superintendent, Principal or Designee determines that an emergency situation exists. An “emergency situation” involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student’s right to return to school for the purpose of a conference.

At the conference, the pupil shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense, in accordance with Education Code Section 47605(b)(5)(J)(i). This conference shall be held within two (2) school days, unless the pupil waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a pupil for failure of the pupil’s parent or guardian to attend a conference with Charter School officials. Reinstatement of the suspended pupil shall not be contingent upon attendance by the pupil’s parent or guardian at the conference.

2. Notice to Parents/Guardians

At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the

specific offense committed by the student. In addition, the notice may also state the date and time when the student may return to school. If Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. Suspension Time Limits/Recommendation for Expulsion

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the Superintendent, Principal or Designee, the pupil and the pupil’s parent/guardian or representative will be invited

to a conference to determine if the suspension for the pupil should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the pupil or the pupil's parents, unless the pupil and the pupil's parents fail to attend the conference.

This determination will be made by the Superintendent, Principal or Designee upon either of the following:

1) the pupil's presence will be disruptive to the education process; or 2) the pupil poses a threat or danger to others. Upon either determination, the pupil's suspension will be extended pending the results of an expulsion hearing.

4. Homework

Upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the pupil, or the affected pupil, a teacher shall provide to a pupil in any of grades 1 to 12, inclusive, who has been suspended from school for two or more schooldays, the homework that the pupil would otherwise have been assigned.

If a homework assignment that is requested pursuant to the above, and turned into the teacher by the pupil either upon the pupil's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the pupil's overall grade in the class.

D. Authority to Expel

As required by Education Code Section 47605(b)(5)(J) (ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled either by the neutral and impartial Charter School Board of Directors following a hearing before it or by the Charter School Board of Directors upon the recommendation of a neutral and impartial Administrative Panel, to be assigned by the Board of Directors as needed. The Administrative Panel shall consist of at least three members who are certificated and neither a teacher of the pupil nor a member of the Charter School Board of Directors. Each entity shall be presided over by a designated neutral hearing chairperson. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense, and the Board of Directors shall make the final determination.

E. Expulsion Procedures

Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the Superintendent, Principal or Designee determines that the pupil has committed an expellable offense.

In the event an Administrative Panel hears the case, it will make a recommendation to the Board for a final decision whether to expel. The hearing shall be held in closed session (complying with all pupil confidentiality rules under FERPA) unless the pupil makes a written request for a public hearing in open session three (3) days prior to the date of the scheduled hearing.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the pupil. The notice shall include:

1. The date and place of the expulsion hearing;
2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based;
3. A copy of the Charter School's disciplinary rules which relate to the alleged violation;
4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at the Charter School to any other school district or school to which the student seeks enrollment;
5. The opportunity for the student and/or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;
6. The right to inspect and obtain copies of all documents to be used at the hearing;
7. The opportunity to confront and question all witnesses who testify at the hearing;
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

F. Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

The Charter School may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the Charter School or the hearing officer.

Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the pupil.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of his/her right to (a) receive five days notice of his/her scheduled testimony, (b) have up to two (2) adult support persons of his/her choosing present in the hearing at the time he/she testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.
2. The Charter School must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
3. At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.
4. The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
5. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.
6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany him or her to the witness stand.
7. If one or both of the support persons is also a witness, the Charter School must present evidence that the witness' presence is both desired by the witness and will be helpful to the Charter School. The entity presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising his or her discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.
8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.
9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in public at the request of the pupil being expelled, the complaining witness shall have the right to have his/her testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.
10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the entity conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstance can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

G. Record of Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

H. Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Board or Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled pupil, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

The decision of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Board of Directors, which will make a final determination regarding the expulsion. The final decision by the Board of Directors shall be made within ten (10) school days following the conclusion of the hearing. However, if the Board does not meet on a weekly basis, its decision on whether to expel a student shall be made within 40 school days after the student is removed from his/her school of attendance. The decision of the Board of Directors is final.

If the Administrative Panel decides not to recommend expulsion, the pupil shall immediately be returned to his/her educational program.

I. Written Notice to Expel

The Principal or designee, following a decision of the Board of Directors to expel, shall send written notice of the decision to expel, including the Board of Directors' adopted findings of fact, to the student or parent/guardian. This notice shall also include the following: (a) Notice of the specific offense committed by the student; and (b) Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the Charter School.

The Principal or designee shall send a copy of the written notice of the decision to expel to the authorizer. This notice shall include the following: (a) The student's name; and (b) The specific expellable offense committed by the student.

J. Disciplinary Records

The Charter School shall maintain records of all student suspensions and expulsions at the Charter School. Such records shall be made available to the authorizer upon request.

K. No Right to Appeal

The pupil shall have no right of appeal from expulsion from the Charter School as the Charter School Board of Directors' decision to expel shall be final.

L. Expelled Pupils/Alternative Education

Parents/guardians of pupils who are expelled shall be responsible for seeking alternative education programs including, but not limited to, programs within the County or their school district of residence. The Charter School shall work cooperatively with parents/guardians as requested by parents/guardians or by the school district of residence to assist with locating alternative placements during expulsion.

M. Rehabilitation Plans

Students who are expelled from the Charter School shall be given a rehabilitation plan upon expulsion as developed by the Board of Directors at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one year from the date of expulsion when the pupil may reapply to the Charter School for readmission.

N. Readmission

The following procedures shall be followed when a student enrolls or attempts to enroll at the Charter School, and the student is under a current expulsion order, has completed a term of expulsion with another school/school district, or has completed a term of expulsion from the Charter School.

Consistent with the procedures below, the Principal will review the expulsion documents, meet with the student and parent or guardian, and make recommendation to the Area Superintendent regarding whether the pupil has met the conditions of the rehabilitation plan and/or whether the pupil poses a danger to Charter School safety. The Principal or designee shall make a recommendation to the Area Superintendent for admission/readmission as follows:

Obtaining Expulsion Records

If the student was expelled from the Charter School, it will have the expulsion order on file. If the student has been expelled from another charter school or school district, records cannot be requested until the student has been enrolled. Per Education Code section 47605(e)(4)(B), a "charter school shall not request a pupil's records or require a parent, guardian, or pupil to submit the pupil's records to the charter school before enrollment."

If the parent or student voluntarily provides (without request) the expulsion paperwork, the Principal should begin the readmission procedures.

If the parent or student does not voluntarily provide the documentation, but otherwise notifies the Charter School of an expulsion, then the Principal should explain that after the student is enrolled and the Charter School obtains the records, the Principal will meet again with the family to review the expulsion paperwork to discuss whether the Principal recommends the student remains enrolled. Attendance will not begin unless the readmission process has been completed.

In some cases, the Principal may become aware of an expulsion after a student begins attending because the parent/student did not disclose the expulsion and the records from the previous school are not timely provided. In such cases, the Principal will contact the Area Superintendent to discuss whether it is appropriate or possible to deny enrollment and, if so, follow the readmission procedure. The Charter School will follow involuntary removal procedures.

Within five (5) school days of receiving a copy of the of current or recently completed term of expulsion, the Principal will follow the procedures below.

Current Expulsion Order from Another School or School District

If the student is under a current expulsion order (term of expulsion has not expired), the Principal shall recommend to the Area Superintendent to deny enrollment if:

- a. the offense for which the student was expelled falls within one of the mandatory offense categories under Education Code 48915(a) or (c). A student expelled for one of these offenses should seek enrollment in a county community school, juvenile court school, or community day school.
- b. the offense for which the student was expelled does not fall under Education Code 48915(a) or (c), but the student poses a potential danger to either the other students or employees of the Charter School.

If the answer to both (a) and (b) is no, the Principal shall recommend to the Area Superintendent to grant enrollment. Nothing in this provision prevents the Principal from developing a behavior plan or agreement for an enrolled student.

Recently Completed Term of Expulsion from Charter School or another School or School District

If the expulsion from the Charter School or another school/school district has ended within the current semester and the student is attempting to enroll (re-enroll), the Principal shall recommend to the Area Superintendent to deny enrollment if:

- a. the student failed to satisfy the terms of the rehabilitation plan; and/or
- b. the student poses a potential danger to either the other students or employees of the Charter School.

If the student poses a potential danger to either the other students or employees of the Charter School, the Principal shall recommend denying enrollment.

If the student failed to complete the terms of the rehabilitation plan but does not pose a danger to either the other students or employees of the Charter School, the Principal may recommend either granting or denying enrollment.

If the student has satisfied the conditions of rehabilitation plan and does not pose a danger to Charter School safety, the Principal shall recommend admission/readmission.

Area Superintendent Review

The Area Superintendent or a designee if the Area Superintendent is not available, shall consider the Principal's recommendation and make a decision regarding enrollment within five (5) school days of receiving the recommendation. The Area Superintendent may but is not required to meet

with the student and parents or guardian to make the final determination.

If the Area Superintendent grants enrollment, the student shall immediately be considered enrolled and may begin attending. The Principal may but is not required to develop a behavior plan for the student.

If the Area Superintendent denies enrollment, the student may not enroll at the Charter School. The Area Superintendent's decision is final. The student must seek enrollment at another school or a school within their school district of residence.

O. Special Procedures for the Consideration of Suspension and Expulsion of Students with Disabilities

1. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

2. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the Charter School, the parent, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

- a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
- b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If the Charter School, the parent, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If the Charter School, the parent, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

- a. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child,

provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;

- b. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
- c. Return the child to the placement from which the child was removed, unless the parent and the Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

If the Charter School, the parent, and relevant members of the IEP/504 Team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then the Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

3. Due Process Appeals

The parent of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent or the Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 U.S.C. Section 1415(k), until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, unless the parent and the Charter School agree otherwise.

In accordance with 20 U.S.C. Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, the parent/guardian or Charter School may request a hearing.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

4. Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Superintendent, Principal or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

- a. Carries or possesses a weapon, as defined in 18 U.S.C. Section 930, to or at school, on school premises, or to or at a school function;
- b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
- c. Has inflicted serious bodily injury, as defined by 20 U.S.C. Section 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

5. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 Team.

6. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated the Charter School's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if the Charter School had knowledge that the student was disabled before the behavior occurred.

The Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

- a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
- b. The parent has requested an evaluation of the child.
- c. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If the Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If the Charter School had no basis for knowledge of the student’s disability, it shall proceed with the proposed discipline. The Charter School shall conduct an expedited evaluation if requested by the parents; however, the student shall remain in the education placement determined by the Charter School pending the results of the evaluation.

The Charter School shall not be deemed to have knowledge that the student had a disability if the parent has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

TITLE IX, HARASSMENT, INTIMIDATION, DISCRIMINATION, AND BULLYING POLICY

Discrimination, sexual harassment, harassment, intimidation, and bullying are all disruptive behaviors, which interfere with students’ ability to learn, negatively affect student engagement, diminish school safety, and contribute to a hostile school environment. As such, the Charter School prohibits any acts of discrimination, sexual harassment, harassment, intimidation, and bullying altogether. This Policy is inclusive of instances that occur on any area of the school campus, at school-sponsored events and activities, regardless of location, through school-owned technology, and through other electronic means. This Policy shall be translated in the student’s primary language if at least 15 percent of the students enrolled in the Charter School speak a single primary language other than English.

As used in this Policy, discrimination, sexual harassment, harassment, intimidation, and bullying are described as the intentional conduct, including verbal, physical, written communication or cyber-bullying, including cyber sexual bullying, based on the actual or perceived characteristics of disability, pregnancy, gender, gender identity, gender expression, nationality, ancestry, race or ethnicity, immigration and citizenship status, religion, religious affiliation, sexual orientation, childbirth or related medical conditions, marital status, age, or association with a person or group with one or more of these actual or perceived characteristics or any other basis protected by federal, state, local law, ordinance or regulation. In addition, bullying encompasses any conduct described in the definitions set forth in this Policy. Hereafter, such actions are referred to as “misconduct prohibited by this Policy.”

To the extent possible, the Charter School will make reasonable efforts to prevent students from being discriminated against, harassed, intimidated, and/or bullied, and will take action to investigate, respond, address and report on such behaviors in a timely manner. Charter School staff that witness acts of misconduct prohibited by this Policy will take immediate steps to intervene when safe to do so.

Moreover, the Charter School will not condone or tolerate misconduct prohibited by this Policy by any employee, independent contractor or other person with which the Charter School does business, or any other individual, student, or volunteer. This Policy applies to all employee, student, or volunteer actions and relationships, regardless of position or gender. The Charter School will promptly and thoroughly investigate any complaint of such misconduct prohibited by this Policy and take appropriate corrective action, if warranted.

Bullying and Cyberbullying Prevention Procedures

Charter School has adopted the following procedures for preventing acts of bullying, including cyberbullying.

1. Cyberbullying Prevention Procedures

Charter School advises students:

- a. To never share passwords, personal data, or private photos online.
- b. To think about what they are doing carefully before posting and by emphasizing that comments cannot be retracted once they are posted.
- c. That personal information revealed on social media can be shared with anyone including parents, teachers, administrators, and potential employers. Students should never reveal information that would make them uncomfortable if the world had access to it.
- d. To consider how it would feel receiving such comments before making comments about others online.

Charter School informs Charter School employees, students, and parents/guardians of Charter School's policies regarding the use of technology in and out of the classroom. Charter School encourages parents/guardians to discuss these policies with their children to ensure their children understand and comply with such policies.

2. Education

Charter School employees cannot always be present when bullying incidents occur, so educating students about bullying is a key prevention technique to limit bullying from happening. Charter School advises students that hateful and/or demeaning behavior is inappropriate and unacceptable in our society and at Charter School and encourages students to practice compassion and respect each other.

Charter School educates students to accept all student peers regardless of protected characteristics (including but not limited to actual or perceived sexual orientation, gender identification, physical or cognitive disabilities, race, ethnicity, religion, and immigration status) and about the negative impact of bullying other pupils based on protected characteristics.

Charter School's bullying prevention education also discusses the differences between appropriate and inappropriate behaviors and includes sample situations to help students learn and practice appropriate behavior and to develop techniques and strategies to respond in a non-aggressive way to bullying-type behaviors. Students will also develop confidence and learn how to advocate for themselves and others, and when to go to an adult for help.

Charter School informs Charter School employees, students, and parents/guardians of this Policy and encourages parents/guardians to discuss this Policy with their children to ensure their children understand and comply with this Policy.

3. Professional Development

Charter School annually makes available the online training module developed by the California Department of Education pursuant Education Code section 32283.5(a) to its certificated employees and all other Charter School employees who have regular interaction with pupils.

Charter School informs certificated employees about the common signs that a student is a target of bullying including:

- Physical cuts or injuries
- Lost or broken personal items
- Fear of going to school/practice/games
- Loss of interest in school, activities, or friends
- Trouble sleeping or eating
- Anxious/sick/nervous behavior or distracted appearance
- Self-destructiveness or displays of odd behavior
- Decreased self-esteem

Charter School also informs certificated employees about the groups of students determined by Charter School, and

available research, to be at elevated risk for bullying. These groups include but are not limited to:

- Students who are lesbian, gay, bisexual, transgender, or questioning youth ("LGBTQ") and those youth perceived as LGBTQ; and
- Students with physical or learning disabilities.

Charter School encourages its employees to demonstrate effective problem-solving, anger management, and self-confidence skills for Charter School's students.

This includes confidentiality safeguards for immigration status information and keeping the identity of the reporter confidential, as appropriate, except to the extent necessary to carry out the investigation and/or to resolve the issue, as determined by the Coordinator or administrative designee on a case-by-case basis.

The Charter School prohibits any form of retaliation against any reporter in the reporting process, including but not limited to a reporter's filing of a complaint or the reporting of instances of misconduct prohibited by this Policy. Such participation shall not in any way affect the status, grades, or work assignments of the reporter.

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. All staff will receive sexual harassment training and/or instruction concerning sexual harassment as required by law.

Upon receipt of a report of misconduct prohibited by this Policy from a student, staff member, parent, volunteer, visitor or affiliate of the Charter School, the Coordinator or administrative designee will promptly initiate an investigation. If the Coordinator, or administrative designee determines that an investigation will take longer than seven (7) school days, the Coordinator or administrative designee will inform the complainant and any other relevant parties and provide an approximate date when the investigation will be complete.

At the conclusion of the investigation, the Coordinator or administrative designee will meet with the complainant and, to the extent possible with respect to confidentiality laws, provide the complainant with information about the investigation, including any actions necessary to resolve the incident/situation. However, in no case may the Coordinator or administrative designee reveal confidential information related to other students or employees, including the type and extent of discipline issued against such students or employees.

All records related to any investigation of complaints under this Policy are maintained in a secure location.

The Charter School shall also train teachers, staff, and personnel to ensure that they are aware of their legal duty to take reasonable steps to eliminate a hostile environment and respond to any incidents of harassment based on the actual or perceived characteristics noted above. Such training shall, at minimum, provide Charter School personnel with the skills to do the following:

In addition, no messages or any messages with intimidating, derogatory or inflammatory remarks about an individual or group's race, religion or religious affiliation, national origin, immigration status, physical attributes, or sexual preference may be transmitted. See the "Title IX, Harassment, Intimidation, Discrimination, and Bullying"

policy section herein for further details.

Education, Supervision and Monitoring

It shall be the responsibility of all members of the Charter School's staff to educate, supervise and monitor appropriate usage of the online computer network and access to the Internet in accordance with this policy and law.

The Charter School will provide age-appropriate training for students who use the school's Internet facilities. The training provided will be designed to promote the School's commitment to:

- A. The standards and acceptable use of Internet services as set forth in the school's Internet Safety and Code of Conduct Policy
- B. Student safety with regard to safety on the Internet; appropriate behavior while online, on social networking websites and in chat rooms; and cyberbullying awareness and response;
- C. Compliance with the E-rate requirements of the Children's Internet Protection Act.

Following receipt of this training, the student will acknowledge that he/she received the training, understood it, and will follow the provisions of the School's acceptable use policies.

Violations

Violations of any guidelines listed above may result in disciplinary action up to and including permanent expulsion from the Charter School. If necessary, the Charter School will advise appropriate legal officials of any illegal violations.

GOOGLE APPS FOR EDUCATION

The Charter School utilizes **Google Apps for Education** for classroom collaboration among students, teachers and staff. This section describes the tools and student responsibilities for using these services. As with any educational endeavor,

a strong partnership with families is essential to a successful experience.

Tools. The following suite of productivity tools are available to each student and hosted by Google as part of the Charter School's online presence in **Google Apps for Education:**

Email: an individual email account for school use managed by the Charter School

Calendar – an individual calendar for providing the ability to organize schedules, daily activities and assignments

Documents – a work process, spreadsheet, drawing and presentation toolset that is similar to Microsoft Office

Sites – an individual and collaborative website creation tool

Using these tools, students can work together to create, edit and share files in real-time and access websites for the Charter School related projects and communicate via email with other students and teachers. These services are entirely online and available 24/7 from any computer with Internet access, and there are never any ads. Additionally, all data created by the students and stored in the cloud remain the property of each student. Examples of student use include showcasing class projects, building an electronic portfolio of school learning experience, working in small groups on presentations to share with others.

Guidelines. Guidelines for the responsible use by students of Google Apps for Education include the following:

Official Email Address. All students will be assigned a username@[name].org email account. This account will be considered the student's official Charter School email address until such time as the student is no longer enrolled with the Charter School.

Prohibited Conduct. Refer to the separate "Internet Safety and Code of Conduct Policy" topic in this Parent- Student Handbook.

Access Restrictions. Access to and use of student email is considered a privilege accorded at the discretion of the Charter School. The Charter School maintains the right to immediately withdraw the access and use of these services including email when there is reason to believe that violations of law or the Charter School policies have occurred. In such cases, the alleged violation will be referred to the site administrator for further investigation and resolution.

Security. The Charter School cannot and does not guarantee the security of electronic files located on the Google systems. Although Google does have an excellent security and a dynamic content filter in place for email, the Charter School cannot assure that users will not be exposed to security breaches and/or unsolicited information.

Privacy. The general right of privacy will be extended to the furthest degree possible in the electronic environment. Charter School and all electronic users should treat electronically stored information in individuals' non-public files as private. However,

users of student email are strictly prohibited from accessing files and information other than their own, except as may be intentionally created for online file sharing among students and teachers. The Charter School reserves the right to access the username@[name].org Google systems, including current and archival files of user accounts when there is reasonable suspicion that unacceptable use has occurred.

ELECTRONIC COMMUNICATIONS POLICY

All Charter School employees, independent contractors, advisors and volunteers (collectively "Personnel") have a responsibility to maintain only appropriate communications with students at all times. With the advances in communication technology, Charter School recognizes that more opportunities exist for school and non-school related communications between Personnel and students. As the opportunities increase for such communications, Personnel and students have an increased responsibility to ensure that all forms of communication between Personnel and students are appropriate and comply within applicable law and requirements to protect against inappropriate and unsolicited electronic and text messages.

The Charter School realizes that there are many convenient and efficient means of communication available to Personnel who need to contact students. For example, Personnel can contact students via telephone, school e- mail accounts, a school-wide notification system, texting messaging and/or other forms of electronic and social media.

Personnel and students should be respectful and courteous to other individuals. Each individual should consider the appropriateness of any content before sending the message to another. The sender will be solely responsible for what he/she communicates. Inappropriate content that may include discriminatory remarks, harassment, threats of violence, lewd, sexually explicit or similar inappropriate or unlawful conduct will not be tolerated and may subject the sender to disciplinary action up to and including termination or expulsion.

When sending electronic communications, including but not limited to SMS/MMS text messages and other forms of social media (e.g., Twitter, Facebook, Instagram, Snapchat, etc.), permission should be obtained from each recipient to whom such communications are sent. This is referred to as an "opt-in process."

Changes to the permission forms previously submitted to the Charter School via the enrollment package may be made by completing a new permission form and submitting it to the Charter School. The permission form does NOT grant permission for students to send or receive social messages from fellow students, friends or family during the school day.

The Charter School is not responsible for and does not pay for charges that may be incurred by students/parents/guardians for sending or receiving text or other electronic messages. Parents and students should check with their wireless carrier for any applicable text messaging and/or data usage charges.

CHILD ABUSE REPORTING

Employees are mandated reporters, as defined by law and administrative regulation, and are obligated to report all known or suspected incidents of child abuse and neglect. Mandated reporters shall not investigate any suspected incidents but rather shall cooperate with agencies responsible for reporting, investigating and prosecuting cases of child abuse and neglect.

SUICIDE PREVENTION

Protecting the health and well-being of all students is of utmost importance to the school. The school has adopted a suicide prevention policy which will help to protect all students through the following steps:

1. Students will learn about recognizing and responding to warning signs of suicide in friends, using coping skills, using support systems, and seeking help for themselves and friends. This will occur in all health classes.
2. Each school will designate a suicide prevention coordinator to serve as a point of contact for students in crisis and to refer students to appropriate resources.
3. When a student is identified as being at risk, the student will be assessed by a school employed mental health professional who will work with the student and help connect him or her to appropriate local resources.
4. Students will have access to national resources which they can contact for additional support, such as:
 - The National Suicide Prevention Lifeline (800) 273-8255 (TALK) www.suicidepreventionlifeline.org
 - The Trevor Lifeline (866) 488-07386 www.thetrevorproject.org
5. All students will be expected to help create a school culture of respect and support in which students feel comfortable seeking help for themselves or friends. Students are encouraged to tell any staff member if they, or a friend, are feeling suicidal or in need of help.
6. Students should also know that because of the life or death nature of these matters, confidentiality or privacy concerns are secondary to seeking help for students in crises.
7. For more details, please see the full School Policy on Suicide Prevention

ATHLETICS

If you are interested in participating in athletics, the athletics program provides equal access to males and females for sports. A list of available sports can be found on the Charter School's website.

Sudden Cardiac Arrest Prevention

The Charter School is invested in the health of its athletes, especially their heart health. Sudden Cardiac Arrest (SCA) is when the heart stops beating, suddenly and unexpectedly. On a yearly basis, a SCA acknowledgement form must be signed and returned by the athlete and the athlete's parent or guardian before participating in an athletic activity. If you decide to participate in an athletic activity, your Principal or coach will provide you the SCA information sheet, which is also available online here: <https://www.cde.ca.gov/pd/ca/pe/documents/pescaform.pdf>.

Concussions and Head Injuries

A concussion is a brain injury that can be caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head. Even though most concussions are mild, all concussions are potentially serious and may result in complications including prolonged brain damage and death if not recognized and managed properly. **On a yearly basis**, a concussion and head injury information sheet must be signed and returned by the athlete and the athlete's parent or guardian before the athlete initiates practice or competition. If you decide to participate in an athletic activity, your Principal or coach will provide you the information sheet, which is also available online here: https://www.cdc.gov/headsup/pdfs/youthsports/parent_athlete_info_sheet-a.pdf.

Opioid Factsheet

Prescription opioids can be an important part of a pain treatment plan, but also carry serious risks of addiction and overdose, especially with prolonged use. On a yearly basis, an Opioid Factsheet for Patients must be signed and returned by the athlete and, if the athlete is 17 years of age or younger, the athlete's parent or guardian before the athlete initiates practice or competition. If you decide to participate in an athletic activity, your Principal or coach will provide you the Opioid Factsheet for Patients, which is also available online here: <https://www.cdc.gov/drugoverdose/pdf/aha-patient-opioid-factsheet-a.pdf>.

SCHOOL VOLUNTEER AND VISITATION POLICY

While the Charter School encourages parents/guardians and interested members of the community to visit the Charter School and view the educational program, the Charter School also endeavors to create a safe environment for students and staff. Additionally, school volunteers can be extremely helpful to our teachers and valuable to our students. We thank all parents and community members for their willingness to volunteer in this manner.

Nevertheless, to ensure the safety of students and staff as well as to minimize interruption of the instructional program, the Charter School has established the following procedures, to facilitate volunteering and visitations during regular school days:

Volunteering

Parents, guardians or community members who are interested in volunteering in the classroom must adhere to

the following guidelines:

1. Prior to volunteering, all volunteers are required to review the Volunteer Handbook and submit a signed Volunteer Program Handbook Acknowledgment Form agreeing to abide by the provisions of the Handbook at all times during volunteer service.
2. Volunteers who will volunteer outside of the direct supervision of a credentialed employee shall be (1) fingerprinted, and (2) receive background clearance prior to volunteering without the direct supervision of a credentialed employee.
3. A volunteer who will have frequent or prolonged contact with students shall have on file with the Charter School a certificate showing that, upon initial volunteer assignment, the person submitted to a tuberculosis risk assessment and, if tuberculosis risk factors were identified, was examined and found to be free of infectious tuberculosis. If no risk factors are identified, an examination is not required.
4. Volunteering must be arranged with the Charter School Principal or designee at least forty-eight (48) hours in advance.
5. Volunteer hours may be limited to a monthly maximum number of hours at the discretion of the Principal or designee.
6. Prior to volunteering, the volunteer should communicate with the Principal and/or teacher to discuss the expectations for volunteering needs. Parent/guardian volunteers are there to benefit the entire class and are not in class solely for the benefit of their own child. Volunteers must follow the instructions provided by the Charter School staff. Classroom rules also apply to volunteers to ensure minimal distraction to the teacher. If a volunteer is uncomfortable following the direction of the teacher or aid the volunteer may leave their volunteer position for that day.
7. Information gained by volunteers regarding students (e.g., academic performance or behavior) is to be maintained in strict confidentiality.
8. Volunteers shall follow and be governed by all other guidelines indicated elsewhere in this Policy. This includes, but is not limited to, the process of registering and signing out of the campus at the main office as indicated below.
9. This Policy does not authorize the Charter School to permit a parent/guardian to volunteer or visit the campus if doing so conflicts with a valid restraining order, protective order, or order for custody or visitation issued by a court of competent jurisdiction.

Visitation

1. Visits during school hours should first be arranged with

the Principal or designee and teacher, if applicable, at least forty-eight (48) hours in advance. If a conference is desired, an appointment should be set with the teacher during non-instructional time, at least forty-eight (48) hours in advance. Parents seeking to visit the school during school hours must first obtain the approval of the teacher and the Principal or designee.

Unless specifically authorized, parents, guardians, family, and friends are not permitted in the classroom area. The reception area is available for anyone waiting for a student to complete his/her classroom appointments.

2. All visitors – including immigration-enforcement officers – shall register in the Visitors Log Book and complete and wear an ID badge in the main office immediately upon entering any school building or grounds during regular school hours.

When registering, the visitor is required to provide the following information:

- Name, address, occupation;
- Age, if less than 21;
- Purpose in entering school grounds;
- Proof of identity; and
- Any other information as required by law.

For purposes of school safety and security, the Principal or designee shall wear an ID badge at all times while on school premises.

Charter School personnel shall report entry by immigration-enforcement officers to any on-site school police or other appropriate administrator as would be required for any unexpected or unscheduled outside visitor coming on campus.

3. Except for unusual circumstances, approved by the Principal, school visits should not exceed approximately sixty (60) minutes in length and may not occur more than once per month.
4. While on campus, visitors are to enter and leave classrooms as quietly as possible, not converse with any student, teacher, or other instructional assistant unless permitted, and not interfere with any school activity. No electronic listening or recording device may be used in a classroom without the teacher's and Principal's written permission.
5. Before leaving campus, the visitor shall return the Visitor's Permit and sign out of the Visitors Log Book in the main office.
6. The Principal, or designee, may refuse to register a visitor or volunteer if it is believed that the presence of the visitor or volunteer would cause a threat of disruption or physical injury to teachers, other employees, or students.

7. The Principal or designee may withdraw consent to be on campus even if the visitor has a right to be on campus whenever there is reason to believe that the person has willfully disrupted or is likely to disrupt the Charter School's orderly operation. If consent is withdrawn by someone other than the Principal, the Principal may reinstate consent for the visitor if the Principal believes that the person's presence will not constitute a disruption or substantial and material threat to the Charter School's orderly operation. Consent can be withdrawn for up to fourteen (14) days.
8. The Principal or designee may request that a visitor who has failed to register, or whose registration privileges have been denied or withdrawn, promptly leave school grounds. When a visitor is directed to leave, the Principal or designee shall inform the visitor that if he/she reenters the school without following the posted requirements he/she will be guilty of a misdemeanor.
9. Any visitor that is denied registration or has his/her registration revoked may request a conference with the Principal. The request shall be in writing, shall state why the denial or revocation was improper, shall give the address to which notice of conference is to be sent, and shall be delivered to the Principal with fourteen (14) days of the denial or revocation of consent. The Principal shall promptly mail a written notice of the date, time, and place of the conference to the person who requested the conference. A conference with the Principal shall be held within seven (7) days after the Principal receives the request. If no resolution can be agreed upon, the Principal shall forward notice of the complaint to the Charter School Board of Directors. The Charter School Board of Directors shall address the Complaint at the next regular board meeting and make a final determination.
10. At each entrance to the campus, signs shall be posted specifying the hours during which registration is required, stating where the office of the Principal or designee is located, and what route to take to that office, and setting forth the penalties for violation of this policy.
11. The Principal or designee shall seek the assistance of the police in managing or reporting any visitor in violation of this Policy.

Penalties for violating this Policy shall be handled in accordance with board policy and applicable state law.

VOLUNTARY ENROLLMENT AND INVOLUNTARY REMOVAL

Voluntary Statement. It is understood that Personalized Learning is a continuously voluntary educational alternative and that a classroom option is always available at the student's home district. Instruction may be provided for a student through Personalized Learning only if the student is offered the alternative of classroom instruction.

Board Policy. After three (3) missed assignments during any period of twenty (20) days, an evaluation shall be conducted to determine whether it is in the best interests of the pupil to remain in Personalized Learning. No pupil shall be involuntarily removed by the Charter School for any reason, but if the Charter School determines that Personalized Learning is not in the best interest of a student, the parent or guardian of the pupil may be provided written notice of the intent to remove the pupil no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the pupil or the pupil's parent or guardian or, if the pupil is a foster child or youth or a homeless child or youth, the pupil's educational rights holder. The notice shall inform him or her of the right to initiate, before the effective date of the action, an involuntary removal hearing, which will follow the same procedures as a hearing for a disciplinary removal. If the pupil's parent, guardian, or educational rights holder initiates the involuntary removal hearing procedures, the pupil shall remain enrolled and shall not be removed until the charter school issues a final decision. The involuntary removal hearing and decision shall follow the same procedures set forth in the school's discipline policy and procedures.

Your Master Agreement with the Charter School also describes your responsibility of attendance and assignment completion.

Assignments. According to the Charter School policy for grades authorized, the maximum length of time allowed between when the assignment was made and the date the assignment is due is twenty (20) school days, unless an exception is made in accordance with the Charter School policy. After three (3) missed assignments, as per board policy, an evaluation will be made to determine whether Personalized Learning is an appropriate strategy for this student.

Discipline. If, in an unfortunate circumstance, you are being suspended for over ten (10) days or recommended for expulsion from the Charter School, you are entitled to a hearing. You may choose to initiate a hearing process to dispute ten (10) days of suspension or an expulsion recommendation.

Chronic Absenteeism. Although the Charter School is open to the community, it is important for you to understand the Charter School's attendance policy. Your attendance at the personalized learning Charter School is based on completing assignments. Therefore, not completing assignments or not participating in mandatory standardized testing would mean you are not attending school. In the event you choose to not regularly complete assignments, you will receive a notice of the Charter School's intent to transition you back to your school of residence.

Attendance Intervention Supports

The Charter School wishes to work with students who are struggling with their attendance. The Charter School uses the following tiered model to support the success of non-attending students:

Tier 1: (General School Wide Attendance Support) Attendance is monitored and encouraged. The student and parents receive phone calls from school staff for non-attendance.

Tier 2: (Personalized Early Outreach) The non-attending student and parent are contacted by a caring Charter School administrator, school counselor, or a student retention support provider to establish an Attendance Intervention Meeting. The meeting addresses possible barriers to assignment completion to promote student attendance.

Tier 3: (Last Resort - Coordinated School and Interagency Response) The student is considered chronically absent at this point. The Charter School notifies the student and parent of the requirement to transition the student back to the school district of residence. The Charter School will assist in the process of transitioning the student to the school district of residence.

(Note, for special education students, Tier 3 will include scheduling and holding a special IEP meeting to discuss your child's progress in the Personalized Learning Environment prior to a recommendation to transition back to school of residence.)

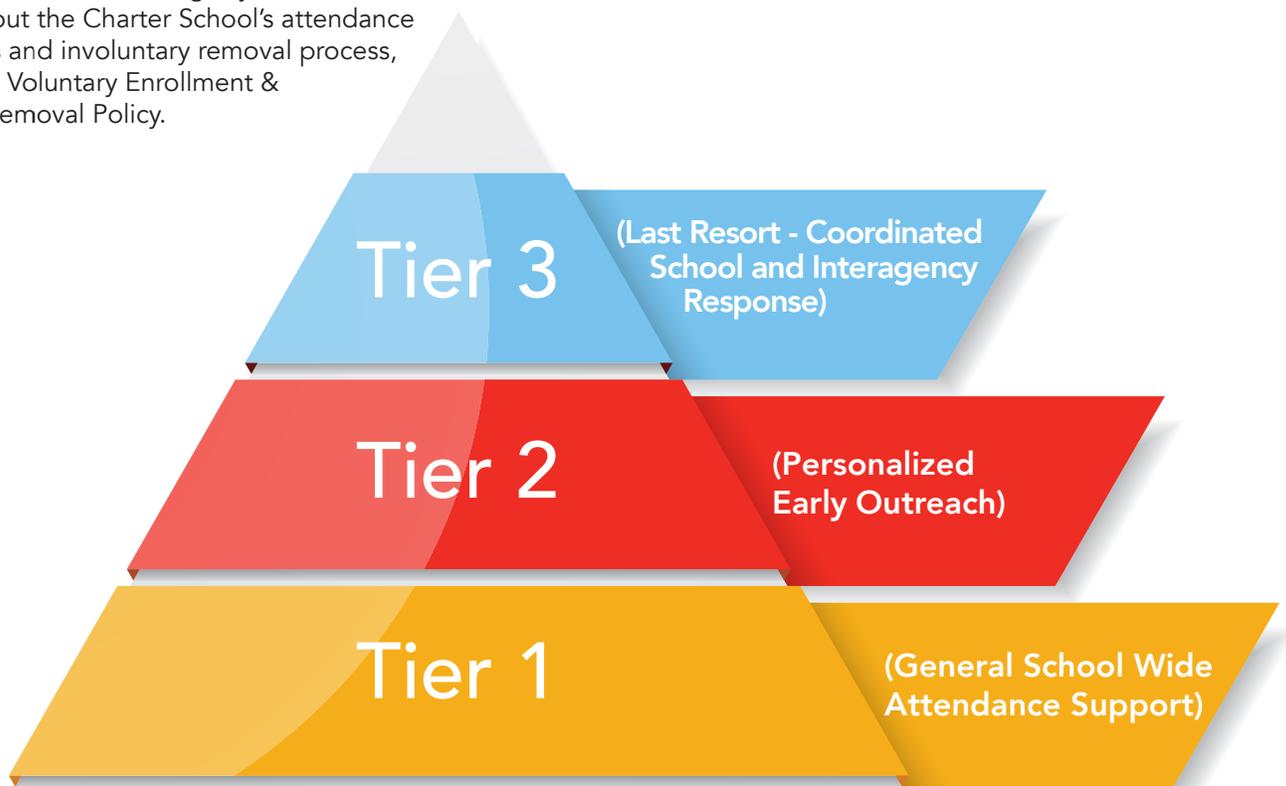

Students and parents are required to sign the Parent-Student Handbook Acknowledgement Form upon enrollment, which acknowledges you have been informed about the Charter School's attendance requirements and involuntary removal process, including the Voluntary Enrollment & Involuntary Removal Policy.

PARENT/STUDENT PUBLICATION & USE OF STUDENT WORKS

The Charter School produces several types of publications or other forms of printed or visual media, including video and photographs, throughout the year that show students engaged in school-related activities. For example, we have newsletters which consist of information from around the state and feature student writings and/or photographs of students. In addition, we have a website that is on the internet and provides anybody, anywhere with information regarding the Charter School and may also have pictures or other visual media of students engaged in school-related activities. The Charter School also produce publications or other forms of printed or visual media to increase public awareness and promote continuation and improvement of education programs through the use of mass media, displays, brochures, etc.

Students featured in any of these publications will only be identified by first name, if any identification is given. No other personal information (e.g. ages, addresses, phone numbers, etc.) will be used. No personal compensation can be given for pictures, works and/or other forms of printed or visual media used.

Students will be requested to sign the Charter School's Permission for Publication Form upon enrollment, and upon completion and return to the Charter School, this form grants the Charter School permission to publish student pictures, works and/or other forms of printed or visual media of your student (engaged in school-related activities) in the Charter School's publications.

ACADEMIC INTEGRITY AND PLAGIARISM

As members of the MA community, all students are expected to conduct themselves with honor and academic integrity. All students will follow appropriate citation guidelines to ensure that proper credit is given to the authors or creators of any work used.

MA's Plagiarism Policy defines plagiarism as presenting someone else's work, including the work of other students, as one's own. Any ideas or materials taken from another source for either written or oral use must be fully acknowledged, unless the information is common knowledge. What is considered "common knowledge" may differ from course to course. Sources may include, but are not limited to, the World Wide Web, books, articles, and media presentations and recordings. Requirements for citing material are as follows:

A student must not adopt or reproduce ideas, opinions, theories, formulas, graphics, or pictures or photos without citing the exact source in the body of the assignment. This includes the following examples:

- Directly quoting another person's actual words, whether oral or written;
- Using another person's ideas, opinions, or theories;
- Paraphrasing the words, ideas, opinions, or theories of others, whether oral or written;
- Borrowing facts, statistics, or illustrative material; or
- Offering materials assembled or collected by others in the form of projects or collections.

Lack of Academic Integrity

Cheating involves submitting work in an assignment or exam that is not your own. It can include the following:

- Copying someone else's work
- Allowing someone else to copy your work
- Having someone else complete your work for you
- Using unauthorized materials to help you complete your work
- Accessing social media sites on the internet to help you complete your work

If an instructor detects plagiarism or cheating, the instructor may recommend (depending on the severity) one of the following:

- o Reduced grade for the assignment or exam
- o No credit for the assignment
- o Reduced grade for the course

Under no circumstances will a student be permitted to cheat or plagiarize, and disciplinary measures will be taken in the event of this type of student misbehavior continues.
